Project Title: LOVE

By: Lilith Eeckels..

Quote: *Life is a journey and having someone by your side to help you grow is so important. My husband is that person. We are on a journey and our unity makes the journey a lot easier.*

Material List:

- Altenew Frosty Pink shimmer spray ink
- Lovely Day Rose Foiled Ephemera - Dear Lizzy
- Studio Calico Mint Julep spray mist
- Swirlcards LOVE die

Text:

I took a look at all the challenge instructions and went with a very simple approach:

- white cardstock for the background
- the word love for the title
- unity by using the same embellishments
- and a circle made with mists.

HOW TO:

Start by drawing a circle lightly with a pencil. Open the mist bottle and use the pipe part to draw around the shape. Use as many colours as you like but let them dry before adding another.

Add some splatters on one of the diagonals.

Create three clusters. One with the photo and two others with embellishments.

To finish off journal the story behind the photo or the emotion you are trying to convey.

Tips, Hints, Advice or any Recommendation:

(If there is...)

Create art that speaks to you and represents your vision of the world. Don't try to follow a trend or be like You'll only lose yourself and the joy of creating.
